**David P**

My name is David and I am studying software engineering at Rochester Institute of technology. I enjoy hiking and playing musical instruments. This is my first year on mountain lakes staff and I look forward to forging exciting memories.

## **Tyman C**

Hi! My name is Tyman and I just graduated from John Jay High School. I'm going to college in Florida next year where I will major in nursing. I love going to the beach, making friendship bracelets, and baking. Last year, I was a counselor at Mountain Lakes where I met a lot of really nice people and had a great time! I'm super excited for this summer and can't wait to meet everyone!
