## **Analisa P**

Hi, my name is Analisa and I am really excited to be involved at camp this summer and experience the beautiful outdoors! I graduated from North Salem High School and am a sophomore at the University of Buffalo studying to become an english teacher. I love hiking with views, listening to music, and hanging out with people that make me laugh. This is my first year working at camp and I am excited to become part of the community and make an impact!
