## **Stacey M**

Hi there! My name is Stacey and I will be a junior at Arizona State University this Fall. I am currently a double major in Psychology and Art with a minor in American Sign Language. I eventually want to become an Art Therapist and work with children in the future. I've grown up taking care of my 2 younger brothers (now 6 and 14); I babysit around my neighborhood and even a couple of kids from camp! This is my third year working with Mountain Lakes. I am very excited to work with your kids and help them experience the best summer ever!

## Emily A

Hi, my name is Emily. I am 17 years old and this coming fall I will be a Senior at John Jay High School. I am very excited to be working at Mt. Lakes as a junior counselor because the last 2 years I have been a counselor and really enjoyed it. I have a lot of experience with kids because I have two younger sisters who I watch often, and I babysit for a few of my neighbors whose kids range in age from 3 months old to ten years old. In my free time, I love to exercise, spend time outside fishing, and hang out with friends and family. I am looking forward to spending time with the campers and making sure they are safe while having fun!

## Alex G

I currently attend at North Salem High School and will be in the 10th Grade in Fall. After high school, I am interested in going into the medical field because I enjoy helping people! I am from the Bronx which isn't that far from North Salem. I babysit my brother whenever we are home alone. I've been doing this since the age of 12, and I am currently 15. I also have a little cousin by the name of Mia, who I usually babysit on the weekends. I enjoy playing with children; it's what makes me happy. For example, I like to teach them, draw with them, and play with them as well! I am a responsible person when it comes to taking care of children, and any problems they might have with any other person.

This is my first year at Mt. Lakes Day Camp, and I can't wait for more years to come and spend time with children!

I enjoy to read, write, and color if it is an indoor activity. I enjoy being active and exercising every day indoors or outdoors! I'd love to travel and visit more parts of this world we live in because every place is unique in its way. My future aspiration would like to be something in the medical field because I love helping people and making them feel good in any way I can. I also speak four languages: English, Albanian, Greek and a working knowledge of French.

I can wait to see the little campers and who I will be playing with and having a great time with for the summer vacation. I hope that I will have a great time with the kids and hope that they all get along and all become good friends with each other!

## **Nora T**

Hi! My name is Nora and I will be a junior at Brewster High School. I have been babysitting for four years now and I often run activities with younger girls through my girl scout troop including a princess PJ party. I really enjoy playing on my school field hockey team and doing anything that involves arts and crafts. I find that I am very creative which helps when it comes to crafting or just coming up with games and ideas. I most look forward to having fun with my campers and creating a bond with them. I also want to make my campers feel that they are in a safe and comfortable environment where they are free to be themselves. I look forward to meeting you!
