All campers, CITs, and staff must bring TWO masks to camp. Please make sure your child has their masks, lunch, water and closed-toed shoes when they leave the car in the morning.

Thursday and Friday, all campers and CITs will work with the Outdoor Skills staff to learn about campfire safety, build a campfire, and make campfire desserts. If your child has food allergies, please contact us for an ingredient list so we can arrange for a suitable alternative.

An important note about morning drop-off:

If you need to get out of your car to assist your children, please park in a parking spot to help with the flow of cars in the drop-off zone. The drop-off zone should be for drop-offs only.
